

WARE

WARE

I'm not normal

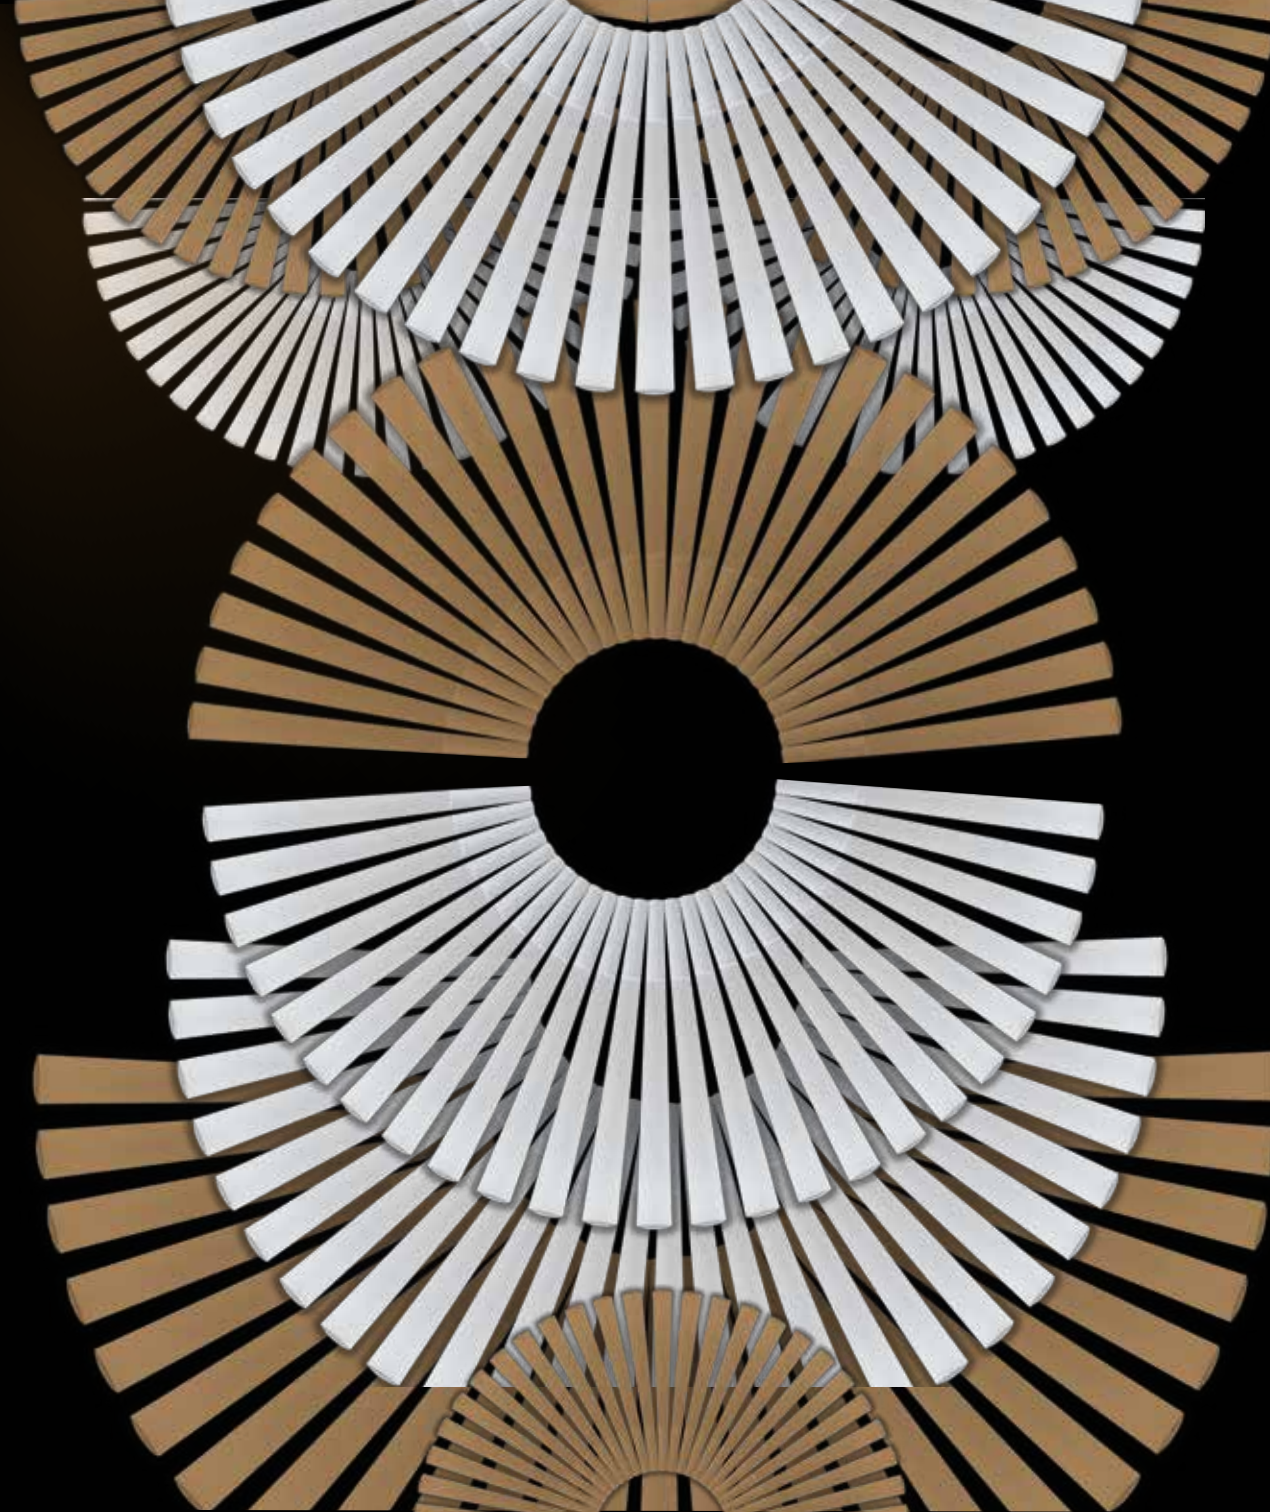

I'm iconic

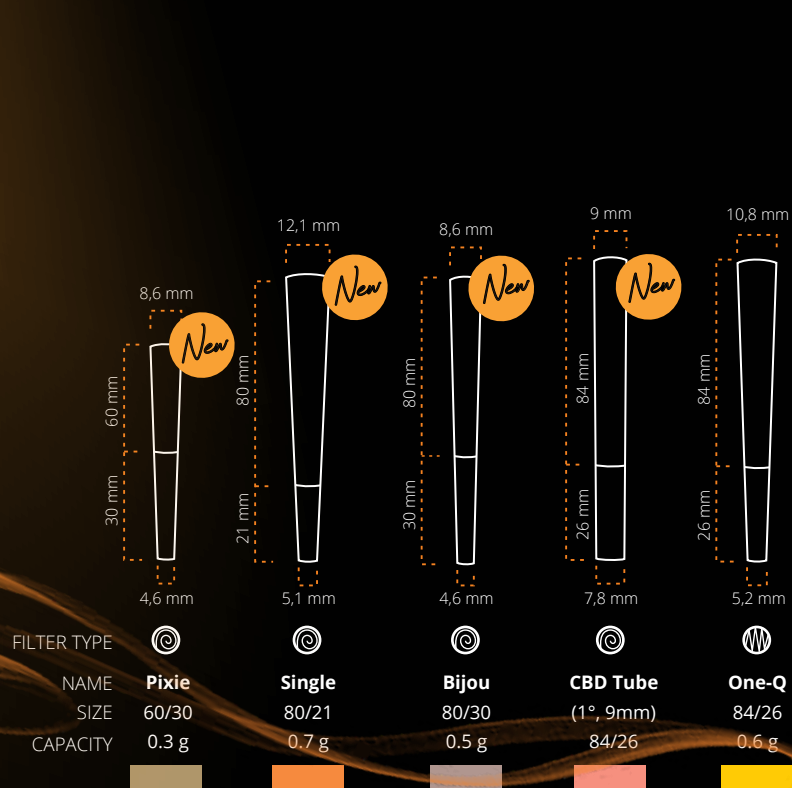

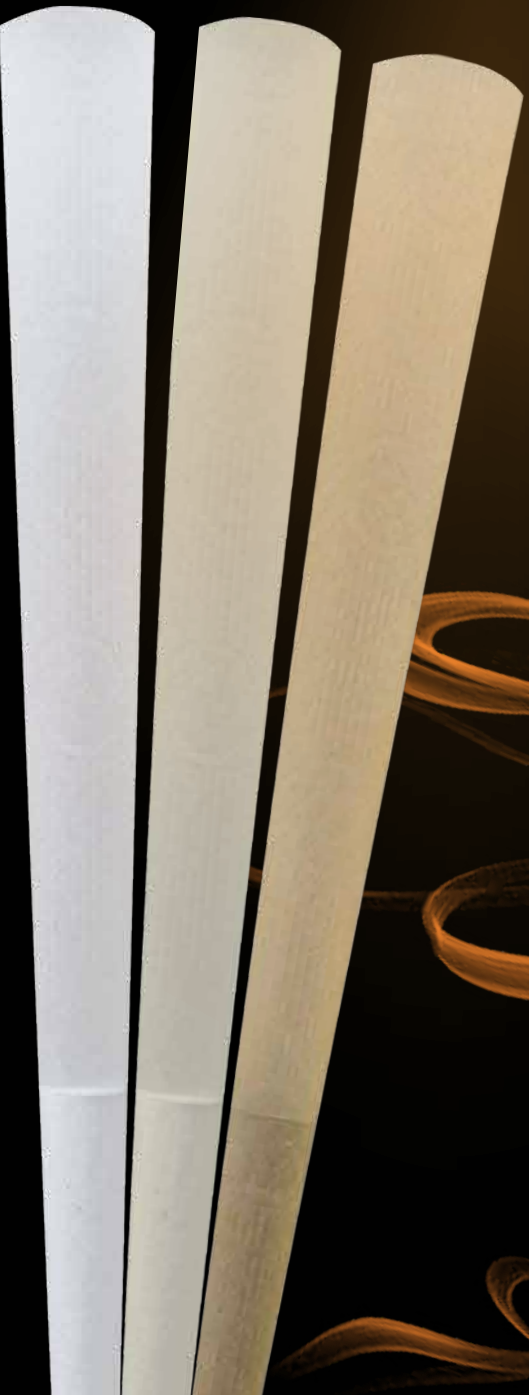

Like all icons, Jware is timeless.
But even a timeless star loves a hot new dress,
to refresh and to impress.

Back on demand,
Jware is rolling a superior quality product,
with the same trusted perfection.

With 18 years of industry experience,
Jware is re-setting the standard for
professional cones.

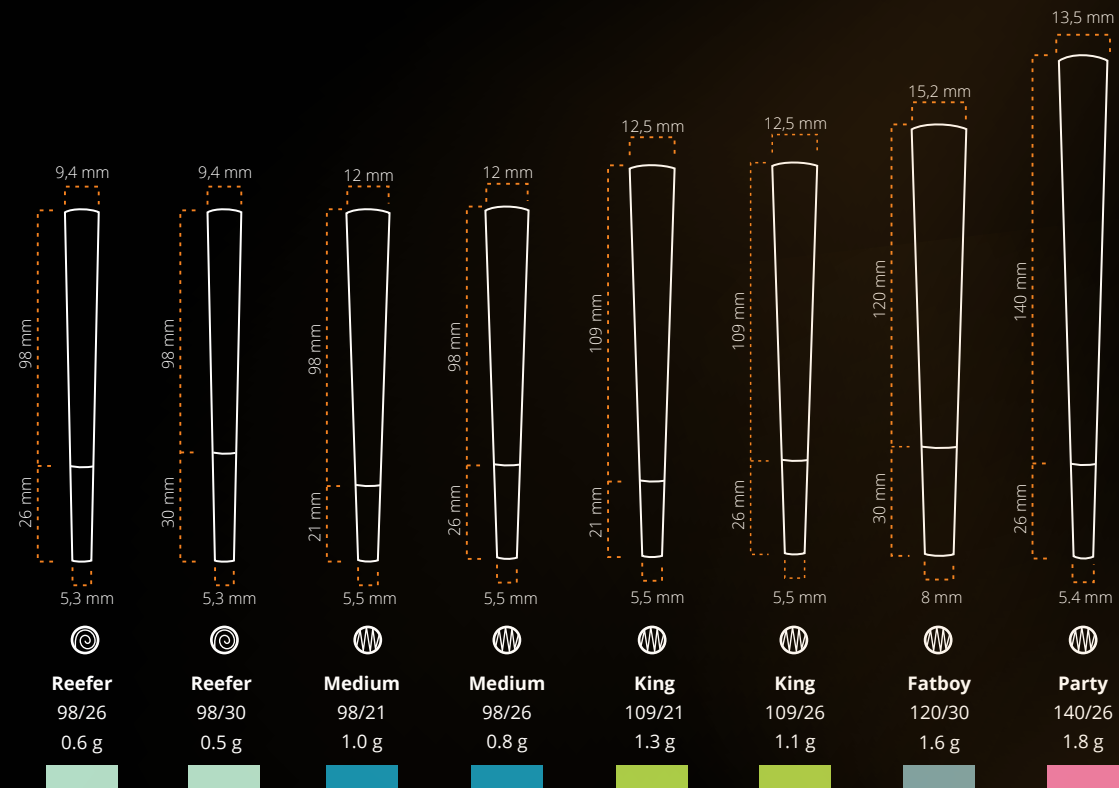

Jware is back, smoking hot.

FILTER TYPE	NAME	SIZE	CAPACITY
	Pixie	60/30	0.3 g
	Single	80/21	0.7 g
	Bijou	80/30	0.5 g
	CBD Tube	(1°, 9mm) 84/26	0.6 g
	One-Q	84/26	0.6 g

I'm universal

Times change, and so does Jware. In addition to the reliable assortment of standard sizes, Jware has created new, petite cones in different shapes, with the same flawless design. Check out the new range!

There are no limits to your flexibility.

Tell us what you want, and Jware will create the ideal cone models for your business. All Jware cones are designed to provide precision fills with the Knockbox 50, 100 or 300.

KNOCKBOX
COMPATIBLE

I'm selective

Jware uses only the finest translucent, quality assured and environmentally responsible paper sourced from Czech Republic.

Available in white, unbleached, or organic hemp, with or without a watermark.

The finer details are up to you.

Combined with the highest quality food grade glue and an ultra-thin glue-line, the result is a seamless pre-roll.

Food grade Ink

I'm particular

Our cones are quality inside and out.

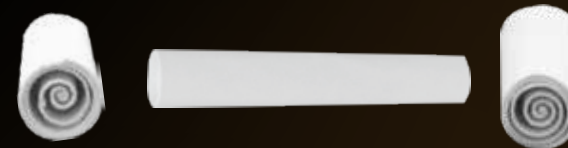

Jware only uses laboratory approved filter papers for its white and brown cones, produced from white wood or natural bamboo pulp.

Customizable with your own logo printed with food grade ink, Jware can help you create a superb design for your pre-rolled cones.

I'm evolutionary

Jware offers a complete industry solution.

Pair Jware's perfect cones with a precision filling device to streamline your operations. Embrace real efficiency with the automated Knockbox 50, 100 or 300.

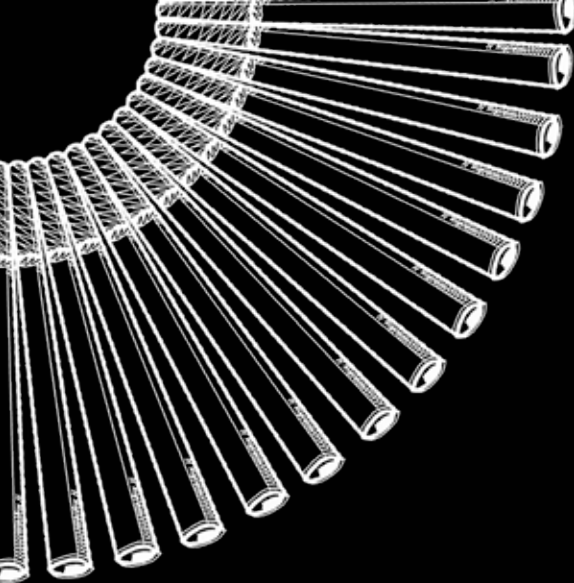

I'm authentic

Jware cones come with a production seal of happiness from Bali, Indonesia.

Jware is an honest product: our supplier's mission is to make a real difference for communities of women in Indonesia. Every cone produced for Jware is one more roll towards a better life for the team on the Happy Factory floor.
